To Whom it May Concern:

I am writing to you in support of my favorite radio station, K-LOVE. K-LOVE comes to me through an FM translator service and I am asking that you not make any rule changes that give LPFM stations priority over those using FM translators.

K-LOVE fills many purposes for my family and myself. While helping us to keep our hearts and minds on the things of God it also provides us with community information and current events. I believe it is in the public's interest to retain the service that K-LOVE provides because of the encouraging music and the positive influence it has on our lives. K-LOVE provides phone numbers for people to call when they need help. There have been people who have considered committing suicide that have changed their minds after speaking with a K-LOVE staff member. I would say that is a service to my community and of public interest.

Please don't make changes that would take away my family's ability to listen to K-LOVE.

Sincerely,

Rochelle Swenson
